Victoria Has Seen Practical Result of American Exclusion Measure

Japanese Seek to Enter the United States Before July 1

Victoria has seen the last of the rush to the Pacific Northwest as a consequence of the operation of the American Exclusion Act on Tuesday next. The arrivals of Japanese on board the liners President Jackson, of the Admiral-Oriental Line yesterday evening, and the Kaga Maru, of the Nipon Yusen Kaisha Line this morning, complete the movement to this port. The Mitsuhashi Maru of the N.Y.K., transferred for this special assignment, will also enter the straits, and will proceed direct to Seattle.

The special effect of the treaty began to be felt with ships leaving Japan from May 24 onwards, the result being accordingly experienced here from June 5. It is estimated that the ordinary sailings, and special sailings routed this way, inclusive of life in Japan, all classes of the professions and business being numbered among the travelers.

These figures present a significant contrast for a period of less than three weeks, when it is remembered that the total annual immigration of Japanese into Canada, under the Lemieux agreement, is limited to 438, and was actually within two or three of that number in the last financial year, according to Hon. J. A. Robb's recent statement in the House of Commons. As practically all these Japanese enter the United States through Victoria, the presence of these hundreds of Japanese, most of them in the prime of life, and well educated, certainly presents an interesting comparison.

Politically the effect is estimated by well informed foreigners in the Orient as likely to lead to a better understanding between Japan and China, as China is the only country now open for the annual surplus population of 700,000 per annum available in Japan. The political result has improved very much in the last twelve months, and it may eventually in a pro-Asiatic movement.

SEVERAL POLICEMEN WILL BE DISMISSED

Reorganization in Montreal to Come as Result of Murder Trial

Barrister Expelled; Suit to Recover Bank's Money From Bandits

Montreal, June 27.—In view of the alleged evidence of corruption in Montreal police circles brought out during the trial of the six bandits who held up the Bank of Hochelaga collection car on April 1 last, a number of policemen are likely to lose their positions.

Mayor Duquet, hinted in an address, an inquiry into the Montreal police department was needed so the reputation of the great mass of members of the department might be cleared and the few unfit policemen got rid of.

J. A. N. Pruneau, who defended Leo Davis, one of the six men sentenced to death after the recent trial, was expelled from the Bar Association of the Province of Quebec last night at a special meeting of that body. During the trial, Mr. Pruneau severely for misquoting and bringing extraneous matter in to his address to the jury.

\$14,000 REWARD

Three men, together with Detective Thibault of this city, are in the line for the \$14,000 reward offered for information leading to the arrest and conviction of the bandits who murdered Henri Cloutier, a Montreal banker, at Hochelaga Bank of \$142,388.

TO RECOVER MONEY

Quebec, June 27.—Action to recover money stolen by the Hochelaga Bank bandits is to be entered shortly by the insurance companies interested, according to information here. It is also stated certain proportion said to be owned by some of the condemned men are to be dealt with without delay. The authorities seem inclined to believe that some of the leaders of the gang, which carried out the hold-up could be made to account for the missing money, so that far from being over, the investigation in to the identities of the six men in "Murder Row" is being carried on actively, it is said.

Prisoners in Irish Free State Are to Be Released Soon

Dublin, June 27.—Speaking to-day of the early release of the remaining political prisoners of the Free State Government, President Cosgrave said the Governor-General would be advised to remit the unexpired terms of sentenced prisoners, except those of the "Irish Republican Army."

Replying to Deputy McGrath, President Cosgrave said he could not answer at present whether it would be proposed to release Austin Stack and other republican leaders before the adjournment of the Dail next month.

Roald Amundsen Postpones Flight Across North Pole

Christiana, June 27.—Roald Amundsen, the explorer, who has been preparing for an aeroplane expedition to the North Pole, has announced that the trip has been postponed because of economic difficulties, according to a dispatch from Pisa, Italy. Captain Amundsen decided he would be out of the question for his expedition to start this year.

WORKMEN IN ITALY PAUSED AT TASKS AND REMAINED SILENT AS TRIBUTE TO MATTEOTTI'S MEMORY

Rome, June 27.—All the workmen in Italy, irrespective of the parties to which they belong, including the Fascisti workers, stopped work from 10 o'clock to 10.20 this morning, remaining in perfect silence for that period as a tribute to the memory of the murdered deputy Matteotti and as a manifestation of protest against the crime.

The demonstration was not observable outside the factories and workshops, as the public utilities, such as the street cars, taxicab services and the like were kept in operation.

Simultaneously groups of the parliamentary opposition meeting separately in the Chamber of Deputies, definitely agreed on a resolution to be passed at a plenary sitting of the opposition this afternoon.

The police and military took measures on a large scale so as to be able to cope with any disturbances.

CONSERVATIVES IN QUANDARY OVER NEW PART LEADER NOW

Seek Strong Man to Lead Assault on Oliver Government But no One is in Sight

Tolmie Sought; Stevens Not Favored by Interior; May Name Temporary Chief

Conservative party leaders, meeting here to pick a successor to W. J. Bowser, K.C., are still at sea and unable to decide even in their own minds whom they should make leader of the Opposition.

Little progress in the selection of a leader had been made up to noon to-day, it was noted, and the situation was further complicated by the clear-cut statement from Mr. Bowser himself that he had not decided to retire.

"All this talk about my retirement is pure guess work," Mr. Bowser told "The Times." "I have not told a single person what I intend to do, and the reason is that I haven't decided yet. I am waiting to see how the situation shapes, how the absentee vote goes. It is absurd to discuss these matters now, when the absentee vote may change the result in many ridings and the general election is only a few days off."

From other sources it was learned, however, that the leaders of the Conservative Party throughout the Province are determined to place at the head of their party a man about whom all Opposition members in the House will rally. Strong efforts are being made to persuade Hon. S. F. Tolmie to assume the leadership, but whether he will accept it is still doubtful. It is realized that Mr. Tolmie could hardly improve his present position by entering Provincial politics.

STEVENS BLAMED

Hon. H. Stevens, Federal member for Vancouver, and prominently mentioned as probable Provincial leader, is out of the question so far as leading Conservatives from the interior of the Province are concerned. They are flatly opposed to Mr. Stevens on account of his hostility towards Mr. Bowser during the recent election campaign. Hon. S. F. Tolmie-Stevens split on freight rates they attribute part of the Conservative defeat in Vancouver.

Among the Conservatives four men stand out as possible leaders: J. W. Jones, South Okanagan; R. H. Pooley, Esquimalt; Colonel Cyrus Peck, Island; W. A. McKenzie, Similkameen.

Of these Mr. Jones appears to have the strongest support, but other wily country Conservatives who are in the city assert that he will not be chosen. Out of the present difficulty it is quite possible that Mr. Jones, Mr. (Continued on page 2)

Predictions of Earthquakes Are Being Fulfilled

Faenza, Italy, June 27.—Raphael Bandini, famous for his prediction of earthquakes, said that the seismic disturbances which he forecast recently for the last ten days in June, began yesterday, when earthquakes were registered by seismographic instruments in various places. Heavy shocks occurred at 2.57 a.m. Thursday about 11,000 kilometres distant.

RECORDED IN AUSTRALIA

Sydney, N.S.W., June 27.—An earthquake was recorded yesterday by the seismograph of the Riverview Observatory. The disturbance began at 11.42 a.m. and was still being recorded on the instrument at 4 p.m.

SHOCK IN PERU

Buenos Aires, June 27.—La Platta University Observatory announces that its seismograph recorded a strong earthquake shock Wednesday at 10 o'clock. The centre of the disturbance was estimated to have been 2,000 kilometres away, probably in Peru.

The duration of the disturbance was two and a half hours.

Labor Gains in Victoria, Australia, General Election

Melbourne, June 27 (Canadian Press Cable).—The Victoria state election returns are still incomplete, but all the Ministers have been re-elected. Labor gained five seats at the expense of the Nationalists.

The Nationalists and Liberals now have twenty-four seats, Labor twenty-eight and the Farmers Party twelve and there is one Independent. The new Legislature will meet on July 8.

Mayor when Dr. Edwin J. Brown went to New York City for the Democratic National Convention and who dismissed Police Chief W. S. Severyns and took personal control of his work.

Three of the captives were accused of liquor law violation and three of gambling. One was held for investigation after beer had been seized.

The raiders seized liquor, lottery tickets and money. Captain Claude Hannick, aide to Mrs. Landes, stated that an exhibit of gamblers, bootleggers and racketeers had been begun immediately after Mrs. Landes had proclaimed herself chief.

Vienna, June 27.—Thirty miners were asphyxiated to-day by an explosion in the colliery at Hartgloggnitz. Rescue work was found impossible owing to the lack of gas masks and some of the rescue party lost their lives.

McAdoo and Smith Supporters Declare Attitude at Big U.S. Convention

Twelve Names Before Delegates For Nomination For the Presidency

Madison Square Garden, New York City, June 27.—The undercurrents of feeling on the Ku Klux Klan question became so strong in the Democratic National Convention here to-day that the McAdoo campaign managers took measures openly to disavow before the delegates any sympathy on the part of McAdoo for religious intolerance.

As a result, a tedious succession of nominating and seconding speeches was broken into by a demonstration against the McAdoo people in an effort to convince the remainder of the convention that the issue of religious liberty could not successfully be raised against their candidate.

The demonstration was started by J. F. T. O'Connor, of North Dakota, a platform for the McAdoo campaign to make an address quoting a declaration by Mr. McAdoo at St. Patrick's Day celebration, that all creeds and races should have equal opportunity.

CHALLENGE TAKEN UP

The challenge was taken up immediately by the Smith delegates. Mrs. Carroll Miller of Pittsburgh, taking the platform to second the nomination of the New York Governor, devoted most of her speech for a plea against discrimination against her candidate because of his religion. Smith supporters cheered her to the echo and afterwards started a parade around the hall.

TWO MORE NAMED

Except for the rumour over the Klan issue, the day's succession of nominating and seconding speeches was almost featureless. Supporters of Governor Sulzer of Michigan staged a long, carefully-planned demonstration for him, but it did not involve many of the delegates and the demonstration for Mr. Cox lasted only long enough for the delegates to pay personal tribute to the party standard-bearer of four years ago.

TWELVE BEFORE CONVENTION

Those who have been brought forward for the nomination for the presidency of the United States thus far are: William G. McAdoo of California, Governor Alfred E. Smith of New York, Senator Oscar Underwood of Alabama, Senator Joseph T. Robinson of Arkansas, Senator Samuel M. Ralston of Indiana, Former Senator William Sulzer of Delaware, Governor Albert Ritchie of Maryland, Former Secretary David Houston, Senator Woodbridge Ferris of Michigan, Governor Jonathan Davis of Kansas, Governor Sulzer of New Jersey and James M. Cox, who was the Democratic candidate in 1920.

PAPER WILL BE MADE FROM STRAW OF PRAIRIE GRAIN BY NEW MILL IN WINNIPEG

Ottawa, June 27.—French interests have practically completed arrangements for the construction of a mill in Winnipeg for manufacturing paper from straw, a new movement covered in France, Sir Henry Thornton told the special House Committee on National Railways to-day. The project would provide beneficial to the prairie farmers by using waste straw, the railway felt justified in making quite a low rate, he said.

Year's Favorable Trade Balance of Canada Nearly \$200,000,000

Ottawa, June 27 (Canadian Press).—Canada had a favorable trade balance of nearly \$200,000,000 during the twelve months ended May 31. During that period Canadian products exported were worth \$1,069,715,880. The imports totalled \$873,367,752; and the duties totalled \$132,956,403.

The exports increased by \$110,000,000 over 1923 and the imports increased by \$32,000,000. The chief increase in exports was in agricultural products and wood and paper.

RAILWAYS ASK CROW'S NEST FREIGHT RATES BE ENDED OR SUSPENSION CONTINUED

Application to Federal Cabinet Supported by Hon. S. F. Tolmie and Hon. H. H. Stevens; Telegram From Premier Oliver Urging Equalization Read

Ottawa, June 27 (Canadian Press).—Abrogation of the Crow's Nest Pass Railway Freight Agreement was asked for by Eugene Lafleur, K.C., counsel for the railways, in a hearing before the Cabinet to-day.

The agreement, unless Parliament enacts otherwise, will come into full force on July 7 next.

In the event of Parliament not being willing to abrogate the agreement wholly, the railway counsel urged that it should at least be suspended for a further period. He declared that if it were allowed to come into force, it would mean a heavy increase in the Canadian National Railway deficits and would seriously interfere with the payment of dividends by the Canadian Pacific Railway.

E. G. PORTER, M.P., APPEALS TO VOTERS

Resigns Seat Following Failure of His Charges Against Labor Minister

By-election to be Held in West Hastings Constituency, Ontario

Ottawa, June 27.—E. Guss Porter, Conservative member for West Hastings, Ontario, who made the charges against Hon. James Murdock, Minister of Labor, on the withdrawal of the latter's deposit from the Home Bank two days before the bank closed its doors, has resigned his seat. He made the announcement in the House of Commons this afternoon.

Mr. Porter said that, following the vote of the House approving the report of the Committee on Privileges and Elections, supporting Mr. Murdock, he intended to appeal to the people, the highest tribunal, and to give the electors of his constituency an opportunity to judge between Murdock's conduct and his own.

LABORITES OF SOUTH AFRICA ARE DIVIDED

Some Favor Labor Members of New Cabinet; Others Oppose Plan

Attitude Toward Nationalists to be Decided on Sunday Next

Cape Town, June 27 (Canadian Press Cable via Reuters).—Delegates to the Labor conference next Sunday which will decide whether Labor will hold the balance of power in the Assembly of the Union of South Africa to join the Nationalist Party, are now assembling in Johannesburg.

British meetings show the party is greatly divided. The majority of the Cape delegates are keeping an open mind, but several Rand delegates have been definitely instructed to vote for the inclusion of Labor in the new Cabinet. The Durban Labor leaders are opposed to the acceptance by Labor of Cabinet appointments.

STATEMENT ISSUED

The South African Party headquarters, in a statement issued in reply to the appeal of Sir John H. D. de la Motte, leader of the Transvaal Nationalists, for a reunion of the Dutch and for "our South African party brothers to join the Nationalist Party," reviews the circumstances that led to the break in the South African party which resulted in the formation of the Nationalist Party.

The statement declares the Nationalists regret their promise to Labor and want to get rid of their Labor coalitionists by forming a Dutch party.

E. G. PORTER, M.P., APPEALS TO VOTERS

Resigns Seat Following Failure of His Charges Against Labor Minister

By-election to be Held in West Hastings Constituency, Ontario

Ottawa, June 27.—At a Cabinet meeting this morning the railways opened their fight against restoration of the full Crow's Nest Pass rates, which would come into force on July 7 unless amended by the Government.

Eugene Lafleur, K.C., for the railways, argued that a return to full Crow's Nest rates would at once destroy the equality in rates established in the whole territory west of and including Montreal.

The Windsor-Chatham group would have lower rates than those applying from London, London lower than those from Toronto and Hamilton, and all these points less than Toronto, he said. Peterboro and Montreal, now having equal rates with Toronto, would be under a higher rate, which in turn would adversely affect the rates from the Maritime Provinces to the entire territory.

EARNINGS COMPARED

Returns both of the Canadian Pacific Railway and the Canadian National Railways showed lower earnings on western than on eastern lines, he said. Restoration of the full Crow's Nest rates from the East to the West and from Port William to Western Canada would not only be a grave injustice to second-class passengers, but would also be an injustice to British Columbia. The Crow's Nest rates, he said, would create such serious rate disparities as to seriously handicap the traffic of the country, but would provoke continuous rate agitation that would be ended only by repeal of their provisions of the Crow's Nest agreement and by submitting the matter to the Railway Commission.

AGREEMENT RULES

As the situation stood to-day, the Crow's Nest Agreement over-rode the provisions of the Railway Act and so the Board of Railway Commissioners was compelled to permit such disparities as the agreement brought about. Even as far as the prairie provinces were concerned, the Crow's Nest rates would apply only to fifty per cent. of the C.P.R. mileage, the additional mileage having been added since 1893.

B.C. FRUIT

Dealing with the question of anomalies and discriminations that, it was argued, would be brought about by the Crow's Nest rates, it was stated that on fresh fruits and apples these lower rates would not apply to the Niagara Peninsula, nor to the Annapolis Valley, which had been finding a market in the prairie provinces. During recent years British Columbia fruit had pretty well monopolized the prairie markets, the railway counsel said, but it would not enjoy these lower rates, for the Crow's Nest rates would not apply (Continued on page 4)

NEW POSTAL MEN WORK IN TORONTO

Number Added to Staff While Former Workers Continue Strike

Business Houses Say Service at Present is Wholly Inadequate

Toronto, June 27.—Rejection by the local striking postal workers yesterday of the Government's offer of June 18 of a sub-committee to investigate the differences between the men and the Government was followed this morning by the employment of an additional number of men whose names had been placed on the "accepted list" by representatives of the civil service commission.

It was also announced by Postmaster Lemon that a limited letter carrier service had been started this morning from Station C-1 in the eastern section of the city. The men were not escorted by guards when they started their rounds.

STRIKERS' DEMAND

The strikers reiterate that they will not return to work unless taken back in a body, each man to receive his former position and former wages and without losing his seniority or pension status.

Despite the efforts of local officials to effect distribution of the mail the situation is extremely serious. Business houses maintain that the skeleton service provided is totally inadequate and only a small percentage of mail is being received in most instances.

OATH WAS BROKEN

Ottawa, June 27.—Hon. Charles Stewart, Acting Postmaster-General, reviewing the postal strike situation in the House of Commons yesterday afternoon, in answer to complaints by Sir Henry Drayton that the arrangement by the Government to handle the mail was inadequate, said it must be borne in mind that the strike was confined to some parts of Eastern Canada. There never had been a strike of the whole of the country, he said. He had no quarrel with the old staff. He had put no obstacle in the way of the strikers returning to work when he took the stand, which was the only one he felt able to do. The Government could not stand with any man who had broken his oath of office and left his post of duty. Let them come back and the Government was still willing to discuss their grievances.

NO MORE RAILWAY BUILDING THIS YEAR

Federal Government Will Not Extend Plans to Aid Peace River Area

Message Received From Ottawa by the Mayor of Vancouver

Vancouver, June 27.—"The Government can not undertake any further railway construction this year."

This was the reply received by wire this morning to Mayor W. R. Owen's urgent request dispatched to Premier King and the Minister of Railways early in the week requesting favorable consideration of the transportation needs of the Peace River Country.

Mayor Owen said with reference to the statement that the Government was not going to build any more railways, that it was nothing or it but to keep up the fight to secure an outlet for the produce of the Peace River settlers. Every possible assistance would be given them, he said.

VICTORIA STANDS IN VANAS CITY OF GREAT BEAUTY

Calgary Visitors Much Impressed With Scenic Grandeur Here

Henry Webb, one of Calgary's leading musical instrument dealers, and a leader among those who supply bandmen of Canada with their requirements, has been spending two weeks at the Victoria Curtis Point Auto Camp, where he has enjoyed every moment of a short vacation.

Mr. Webb, accompanied by Mrs. Webb, came here two weeks ago, having finished a combined business and pleasure trip through cities of Western Canada, and the United States, and Victoria has impressed him as being one of the most beautiful places which he has ever seen. In Canada, the United States or the Old Country.

"The automobile camp is superb," said Mr. Webb. "I do not think that I ever have seen anything to equal its scenery, and the surroundings, in the many places I have visited in my life-time."

Walter Hadley, in charge of the camp, who is a particularly competent man, is a very popular figure with all of us staying at the camp, and we shall all be sorry when we have to leave.

"I am somewhat of a gardener myself," he continued, "and I want to say that whoever laid out and cultivated the garden at the home of R. P. Butchart, at Brentwood, that man was a true artist. I have never seen such a riot of color, and the dainty beauty of every portion of this fairland of bloom is most amazing. There is nothing to compare with it in Vancouver, Seattle, or any of the other cities I have visited. If there is, they keep it a secret and the public never sees it."

"Unfortunately," Mr. Webb said, "I am forced to leave Victoria on Sunday. But I shall be back. I cannot leave without saying that I have captured my heart as no other place ever has, and next year I will make Victoria the mecca of a pilgrimage into the West to enjoy life in its beauty and in closest touch with nature."

"I am somewhat of a gardener myself," he continued, "and I want to say that whoever laid out and cultivated the garden at the home of R. P. Butchart, at Brentwood, that man was a true artist. I have never seen such a riot of color, and the dainty beauty of every portion of this fairland of bloom is most amazing. "Unfortunately," Mr. Webb said, "I am forced to leave Victoria on Sunday. But I shall be back. I cannot leave without saying that I have captured my heart as no other place ever has, and next year I will make Victoria the mecca of a pilgrimage into the West to enjoy life in its beauty and in closest touch with nature."

C.N.R. Bills For This Island Now Before Senate

Ottawa, June 27.—Ten more of the Canadian National Railway branch lines were passed by the Senate Railway Committee yesterday and will be reported for third reading. To date, twenty-one of the twenty-six bills which were passed by the House of Commons have been reported by the Senate Committee. The lines approved yesterday include the Cowichan Bay line on Vancouver Island and the line from Mile 47 to Mile 100 on Vancouver Island.

The bills for the Guysboro-Sunnybrae line in Nova Scotia and the Kelowna division in British Columbia will come before the committee again next week.

CLINIC FEATURE OF BIG CONVENTION

Dr. S. A. K. Wilson, London, Interested Medical Delegates in Vancouver To-day

Vancouver, June 27.—Bringing to the annual convention of the Pacific Northwest Medical Association the benefit of his vast experience in handling neurological cases in London, England, Dr. S. A. K. Wilson, one of the most outstanding figures of the British medical world, conducted a clinic to-day, during which he diagnosed in careful detail several cases of paralysis and other nerve diseases.

Dr. Wilson made it quite evident that in his diagnoses he paid quite as much attention to the condition of the patient's mind as he did his body. He traced the extent reached by the disease in each patient and with diagrams showed the origin of the ailments.

AN EARLY START
Bright and early the delegates were in session again this morning, the starting time, 8.30 o'clock, seeing several hundred seated in the hall.

The clinic conducted by Dr. Kinnear Wilson drew rapt attention and at the conclusion of his remarks the speaker was accorded vigorous applause.

Among the other speakers to-day were Dr. L. J. Austin, Professor of Clinical Surgery, Queen's University; Dr. L. G. Rowntree, Professor of Medicine, Mayo Foundation for Medical Research, Rochester, Minn., and Dr. W. W. Chipman, Professor of Gynaecology and Obstetrics, McGill University.

This afternoon the wives and daughters of the delegates were taken on a drive to scenes of interest in and near the city.

On board the Ss. Makura, which arrived here to-day at 1.30 p.m. from Australia, were Commodore Sir Frederick W. Young, Director of Naval Salvage for the Admiralty; W. N. Marks, member of the House of Representatives of Australia, for Sydney, and Chief Justice E. C. Peters of Honolulu.

FINE FOLLOWS ACCIDENT CASE

Injured Girl Left Lying in Road Until Succoured by Witnesses

The sequel to an accident on Hillside Avenue, when a little girl had been knocked down by a motor car on slippery pavement and painfully cut about the face, was heard in City Police Court to-day when Capt. G. R. McLeod was charged with passing a standing street car. Police evidence testified that the car was driven by a Chinaman, named Hoy, and not by the owner.

Conductor Robert R. Blane and Andrew Veltch told of seeing a delivery car flash by the door of the standing street car at Graham Street, strike the girl crossing ahead and drive a further hundred yards along the road before stopping.

The girl, meanwhile lay in a huddled heap in the road. Mr. Veltch carried the accident victim to a nearby house, and Conductor Blane gave chase to the motor car. Magistrate Jay imposed a fine of \$20.

Sixty boys of the four light cruisers in port had a delightful day yesterday at Deep Bay, as the guests of the Deep Bay branch of the Navy League of Canada.

The two parties were in charge of P. A. Rayner and Thomas Kennelly for the League, and they were received at Deep Bay by Major Laird, president, and Mrs. Coppithorne.

A full programme of sports was conducted, including flat races, and fancy tests like sack and egg and spoon races, tugs of war, and other events. Teams of ten from each ship competed in the tug of war, the Dragon winning. The winner was then challenged by fifteen ladies of the district, who carried off the honors of the day.

Prizes were provided by the Deep Bay branch.

Not having held a meeting for ten days, a large agenda faced the City Council in a special meeting this afternoon. Little of it, however, was of a controversial character, and it was expected that considerable progress would be made in wiping off the various items.

The Armistice Day committee has requested the City Council, and will similarly ask the Sanich Council to bring pressure to bear on their representatives respectively to secure action on the request of the committee for a piece of land to be set aside for burial of soldiers in the Royal Oak burial park. The request has been before the cemetery board for some time.

A number of matters arising out of earlier meetings will be before the council session, including several by-laws.

Will Erect Arch At Saanich War Memorial Centre

Royal Oak, June 26.—The Women's Auxiliary of the Saanich War Memorial Health Centre held their regular monthly meeting on Tuesday afternoon with the president, Mrs. Winkler, in the chair. Much business came before the meeting for discussion and reports from the two recently silver teas held at Mrs. J. H. Oldfield's and by the Misses Tolmie, assisted by Mrs. Robt. Macneil, added over \$40 to auxiliary funds. It was decided that the auxiliary should undertake the expense of erecting an arch over the roadway leading to the Centre and facing on to East Saanich Road and Glenford Avenue. It is proposed to build the arch in general conformity with the design of the Centre, and the cost of the erection has been given to Saanich workmen. The ladies expressed much pleasure that the grounds had been improved to such an extent that the placing of a suitable arch bearing the name of the Health Centre was possible, and also passed a hearty vote of thanks to the recent hostesses who so kindly enabled them by extending their hospitality, to add materially to the funds on hand.

Want Fruit Pickers For Mission-Hatzic

Fruit pickers for the Mission-Hatzic district are being called for to commence work with the beginning of July. This district is the biggest producer of raspberries and blackberries in British Columbia, and lies about forty miles east of Vancouver on the main line of the C.P.R. An order has come to the women's branch of the Employment Service of Canada for fifty girls for one camp, where conditions are reported as exceedingly good. The season extends into six weeks. The girls take their blankets with them, but are provided with board at low rates. If the picker stays until the end of the season she receives a rebate on her board and a bonus is given when the picker stays to the end of the season. The camp is comfortable and roomy and is provided with shower baths.

All contributions should be left at Mrs. Groat's store on Wilkinson Road not later than this evening.

YOUR HEALTH

BE THOROUGHLY EXAMINED IF YOU HAVE A LAME BACK

By Royal S. Copeland, M.D.

One of the reasons why various schools of massage and some of the newer curative methods meet with favor in many quarters is because there are so many backs that are lame.

When you consider the number of accidents that can befall the human body, and the many you have during a busy year, there is little wonder there are so many folks who "favor" their backs. Most accidents produce no external wound, yet many times they result in serious disability. This is particularly true of injuries to the back.

When stooping, turning, twisting or lifting causes the back to hurt, it will be found there was trouble present before the injury occurred. It is rare indeed for the back to be hurt by lifting or stooping.

For instance, abscessed teeth, diseased tonsils, infection of the nasal sinuses and pus formation cause shifting pains in various parts of the body at different times. Chronic constipation may be a cause, due to the absorption of the poisons contained in the waste material of the intestines.

Don't jump at the conclusion that your back has been hurt if you suddenly experience a sharp pain there or even if it is found that every movement hurts. There probably is no relation between your back trouble and the fact that you helped lift a trunk or stooped to pick a pin from the floor. It may be nothing more than a symptom of trouble elsewhere. When the real cause is removed, your back will stop aching.

The first step to cure a lame back is to seek your family doctor for examination and advice. He will make a general survey. He may find things you never suspected—teeth, tonsils or other plainly discernible members that are diseased. Even that your shoes are so run-over or the heels so worn-down that they throw the body out of alignment and strain your muscles and cause pain, would not be an unusual discovery.

I know some of you will laugh at these ideas. You are so sure you have strained your back or damaged it by hard work, that these suggestions will seem absurd. But think it over a bit. Nature is too kind to give you weak muscles and bones, liable to tear or break. It is only rarely that harm comes from reasonable use of your body.

Dr. and Mrs. James F. Grant entertained informally last evening at their home on Coal Harbor Road, complimentary Mrs. Grant's willows, Mr. Cal. Harris, of Raymond, Washington, who for the past ten days has been their guest and is returning to-day by motor to his home on the American side.

Major and Mrs. Rowland Taylor, who have been visiting Mrs. Taylor's parents, Mr. and Mrs. O'Meara, by other judges of the juvenile court. Lacking this authority, and lacking also the authority of a justice of the peace, which is possessed by Mr. Grant, Mrs. MacGill had only the power to perform the civil duties of a judge of the juvenile court.

Max Grossman produced a British Columbia Gazette showing the appointment of Mrs. MacGill, from Victoria, in July, 1917. He claimed this gave her the right to perform all functions required of her by the Provincial statutes and by the Dominion ones.

Many commitments have allegedly been made by Mrs. MacGill under Dominion law, and it is claimed that until she has been appointed a justice of the peace she has no power to make these.

"I must decide whether she must first be a justice of the peace to have criminal jurisdiction, or whether she is a judge confined to the limits of the Provincial statutes," said the court.

Court adjourned for further argument.

JUVENILE COURT JUDGE CHALLENGED

Status of Judge Helen MacGill Again Questioned in Vancouver

Vancouver, June 27.—Another challenge to the right of Judge Helen MacGill to sit as a judge of the juvenile court was made to-day by Mr. Justice D. A. McDonald in chambers.

A former claim that no judge of the juvenile court had a right to send girls to imprisonment was disallowed by Mr. Justice D. A. McDonald in chambers.

This demand strikes at the root of Mrs. MacGill's appointment as judge. Gordon Grant, counsel for Agostino, claimed Mrs. MacGill had received no appointment by Dominion order-in-council as a judge of the juvenile court. Lacking this authority, and lacking also the authority of a justice of the peace, which is possessed by Mr. Grant, Mrs. MacGill had only the power to perform the civil duties of a judge of the juvenile court.

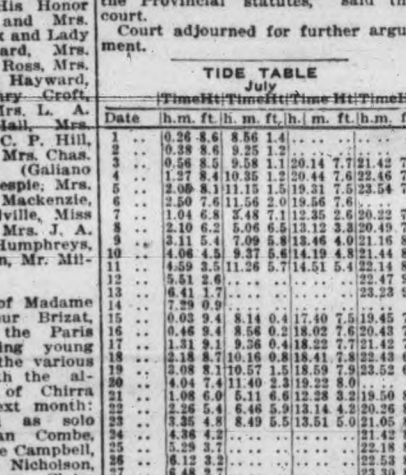

Max Grossman produced a British Columbia Gazette showing the appointment of Mrs. MacGill, from Victoria, in July, 1917. He claimed this gave her the right to perform all functions required of her by the Provincial statutes and by the Dominion ones.

BRAND LAUDS CANADIAN NAVY OFFICERS AND MEN

Admiral of Light Cruiser Squadron Entertained by Canadian Clubs Here

Members of the Victoria Canadian Club and the Women's Canadian Club at a joint luncheon at the Empress Hotel today entertained Rear Admiral Sir Hubert Brand and some of his officers in command of the British light cruiser squadron now at Esquimalt.

Joseph Patrick, president of the Canadian Club, who presided, recounted the events of Sir Hubert's career since he joined the navy in 1883.

"We Canadians and Britishers have never had to blush for any act of the British Navy," Mr. Patrick said.

"We have been to a great part of the world and we have never seen anything to equal this place in beauty," said Sir Hubert. "We have been to many parts of the world and we have received many welcomes. But in no place we have been to, I venture to say, have we received a more sincere welcome than here."

Sir Hubert asserted that he and his officers were much impressed with the smartness and bearing of the men of the Canadian navy here. He said there was much credit due Commander Beard and his officers for this condition.

Since the squadron left England last November it has traveled 28,000 miles and the only non-British port called at on the whole trip as far as Victoria was Honolulu, he said.

"That is something to think about when you think of the British Empire," he added.

The navy he described as a police force to protect our ships in our waters just as policemen protect citizens ashore.

Sir Hubert explained that the annual cost of the British navy to the British taxpayer is thirty shillings.

"I probably am getting on this ice here, but it is purely a question for Canada to decide for herself," Sir Hubert went on. "I just want to ask you this question: Are you quite sure that the time has not arrived for Canada, a great nation as she is, to fulfill her great destiny and keep up her self-respect and do a little more towards helping the Mother Country and the British Empire towards maintaining naval defence?"

Sir Hubert also spoke for "closer feeling with the great English-speaking nation on the other side of the border here."

"America and the British Empire together can, with co-operation, control the rest of the world and keep up the civilization for which we stand," he said.

He referred to the manner in which the women had welcomed the fleet in all ports since they left England and particularly in Victoria. He stressed the importance of children visiting the fleet.

Henry C. Hall, K.C., vice-president of the Canadian Club, and Mrs. H. P. Hodges, president of the Women's Canadian Club, moved and seconded the vote of thanks.

Mrs. Jesse Longfield sang. Guests included Rear Admiral Sir Hubert Brand, Lieut.-Governor Nichol, H. J. S. Muskett, Rev. W. G. Wilson, Lieut. Lawrence A. Humphreys, Sir Richard Lake, Lieut. Walker, Mrs. Elliott, Engineer-Commander A. G. Cross, Miss Agnes Major, James Macnair, Smith, Premier John Oliver, Capt. Bernard W. M. Fairbairn, Mrs. J. C. F. Hyndman, Mrs. H. P. Hodges, president.

OBITUARY

The remains of the late Winnifred Heath Warren, daughter of Mr. and Mrs. E. H. Warren of 1606 Belmont Avenue, who passed away suddenly while on vacation in Winnipeg, will reach the city to-morrow and will be conveyed to the Thomson Funeral Home. Funeral arrangements will be announced later.

The funeral of the late Herbert Burrows, who passed away at his home on James Island on Saturday, June 21, took place on Wednesday afternoon from McCall Bros' Funeral Home to Holy Trinity Church, Patricia Bay, where service was held at 2:30 o'clock. Rev. T. M. Hughes conducted the service, during which the hymn, "Peace, Perfect Peace," was sung. The floral offerings were a fitting testimony to the esteem in which Mr. Burrows was held by his many friends. The remains were laid to rest at Holy Trinity Churchyard with the following friends as pallbearers: J. W. Van Norman, G. P. Allen, W. R. Rivers, A. J. Dakin, D. A. McNaughton and R. H. Lyons.

Redecorated and improved the following the Birds to Victoria float used on May 24 in the parade will be sent to the street parade in Vancouver on Tuesday. Miss Joyce Wormald and two small girls will be in charge of the display.

The damage action by C. Elwood Watkins against the Oak Bay Board of School Trustees opened at 2:30 this afternoon before Mr. Justice Gregory in Supreme Court. Plaintiffs asks \$5,400 for services rendered in connection with preparation of plans for the abandoned high school project.

Into the attic

FEW Youngsters to-day ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help you lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavery. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it

PRINCIPLE OF CHURCH BILL IS GIVEN APPROVAL BY M.P.'S ON VOTE RECORDED IN COMMITTEE

Ottawa, June 27.—By a vote of 110 to 58, the Commons in committee at 1 o'clock this morning approved the Brown amendment to Clause 2 of the Church Union Bill, which provides that the bill is to come into force June 10, 1925. This vote of the Commons in committee means approval of the principle of the bill.

The Duff amendment, which was defeated by this vote, provided that the bill should not become effective until the courts had finally decided two points, namely, whether the Presbyterian General Assembly had authority to agree to union, and whether Parliament had power to pass the bill in whole or part.

When the bill was last before the House, J. L. Brown, Progressive, Lisgar, Manitoba, moved an amendment, striking out

the Duff amendment and simply providing that the bill would come into force in June 10, 1925. This was the amendment that was approved this morning.

The vote came at the end of a debate which saw members of the various parties divided against each other. Premier King and the Conservative leader indicated that no member of the House was committed to any opinion but his own. The Prime Minister and his senior member of the Cabinet, Hon. George Graham, took opposite sides.

Messrs. Meighen and Forke supported the Brown amendment, as did the whole Progressive bloc. Premier King voted against it, having in mind his amendment to Clause 28, which suggests the reference of the question of jurisdiction to the Supreme Court. A number of French-Canadian members supported the Brown amendment. Others opposed it.

A SPEEDY COUNT
It was the regular committee vote, unrecorded, a swift count of heads by the clerk which left little time for identification of individuals. But it was sufficiently decisive to indicate that the majority of the House is in

favor of the bill taking effect next year.

Premier King and the Conservative leader spoke at length. The Prime Minister taking the stand that Parliament should not be asked to rule on a matter which saw sharp cleavage within the ranks of a church institution.

Mr. Meighen contended that only the right of the church to change its doctrine was involved and Parliament had no business to interfere with doctrine.

STORK AMENDMENT

During the afternoon, sitting F. Stork, Liberal, Skeena, moved an amendment providing that the act "shall apply only when all doubt has been removed as to the power of the General Assembly of the Presbyterian Church in Canada, under its constitution and rules to agree to a union of the Presbyterian Church in Canada with the Methodist and Congregational Churches on the basis set out in Schedule A of this act; provided further that this question shall be submitted for decision to the Supreme Court of Canada by a refer-

ence of the Minister of Justice." Mr. Stork believed this amendment would bring definite action in the shortest possible time and reduce the friction and hostility that had grown about this matter. It would secure a definite verdict regarding the legal rights.

The amendment came as an amendment to the amendment of J. L. Brown.

The story amendment was ruled out of order on the ground of insufficient notice. Thus debate on it went over to permit sufficient notice to be given.

PREMIER'S AMENDMENT

The amendment of which the Prime Minister gave notice states that as questions have arisen respecting the decision of Parliament under the British North America Act to pass the bill, it is intended to sanction its provision only so far as it is competent for Parliament to do so.

NEW VOTE ADVOCATED

Gordon Wilson, Conservative, Wentworth, Ontario, said he was not opposed to church union. Those who believed in union had a right to try to obtain it. Those who dissented from union, however, should not be deprived of the right to remain in the church of their fathers. He declared it was unfair to base the decision of the people to-day on the vote of 1915. There should be a new vote taken.

SUPPORTS BILL

Hon. H. H. Stevens, Conservative, Vancouver Centre, said he agreed with Mr. Wilson in his defence of religious liberty. Reports of committees were generally acceptable as an indication to the House of the wisdom of legislation, but he found himself on this occasion compelled to reject the Duff amendment and support the bill. It was not the function of Parliament to dictate the policy of any church and decide the wisdom of doctrine.

Mr. Stevens admitted passage of the bill would lead to schism and regretted it, but that was not a ground for its rejection by Parliament.

Moreover, if that point was to be considered, it must be remembered that rejection of the bill would lead to greater hardship and schism than its passage.

NO UNFAIRNESS

Robert Forke, Progressive leader, believed the procedure towards union had been regular throughout. There could be no question of it.

Mr. Forke spoke of the West, where thousands of churches had entered union. The Presbyterian divisions were not being lost in the union of the churches. To take the matter to the courts, he said, would lead to endless litigation and endanger the consummation of the union.

L. J. Ladner, Conservative, South Vancouver, believed it was the duty of Parliament to do in this matter what the majority of the people desired to have done.

Parliament should see that the rights of minorities were protected and provided that point were achieved, it should take the responsibility for settling this question.

A FREE VOTE

Premier King rose just before midnight. He made it clear the Government had no policy on this private bill. The Cabinet was divided in opinion. He hoped each member would vote according to his conscience. He spoke now for himself only.

Church union was a great purpose. Its incorporation was necessary to give effect to that purpose and it was the duty of Parliament to do every thing in its power to give effect to union if it was unanimously desired by the constituent parts.

TWO QUESTIONS

There were two questions to be decided, namely, whether the Presbyterian General Assembly had the right to enter into union and whether the Federal Parliament had the right to consummate it.

The question of the rights of minorities would come up at a later stage of the bill.

It must be remembered that property and civil rights were the prerogative of the provincial author-

ities. This bill involved those rights and this Parliament should make it clear that it was not trying to go beyond its rights in this respect.

Parliament was faced with the fact that it held two extremes of opinion about church union and Parliament could not "justifiably scorn" either view.

TO SUPREME COURT

The Premier urged the wisdom of referring the question of the validity of the bill to the Supreme Court of Canada.

Nobody could quarrel with the decision of that court would be available before the end of the present year. If it found that the Presbyterian Church was unable to enter into union, the exact nature of that disability would be indicated and Parliament would be in a position to remove that disability, and he had no doubt Parliament would be ready to do so.

NOT INTENDED

Robert Forke, sponsor of the bill, asked what would happen if the Supreme Court should find that the Presbyterian Church was unable to enter into union, the exact nature of that disability would be indicated and Parliament would be in a position to remove that disability, and he had no doubt Parliament would be ready to do so.

Right Hon. Arthur Meighen followed.

"It seems to me it is for the Church to say what changes shall be made," he said. "If Parliament takes any other stand then, we are launched upon a sea where the storms will be heavy and the dangers great."

QUESTION OF DOCTRINE

Only the question of doctrine was involved, and litigation was not necessary and Parliament had no business to interfere with doctrine. A court decision might merely decide upon the powers of a committee of the Assembly and not of the Assembly itself. The question would still be in abeyance and several great religious organizations which had voted to unite would be left to stagnate in indecision.

Mr. Meighen said the Premier's amendment was superfluous. "Parliament cannot do more than it can do," he said, "so why emphasize it?"

LEWIS SPEKE

Rev. A. J. Lewis, Progressive, Swift Current, Sask., giving his reasons for supporting the Brown amendment, made reference to the fact that he was a minister of the Presbyterian Church.

Chairman Gordon said he had not caught Mr. Lewis's exact words, but he could not of course address the House as anything but a member of it.

Mr. Lewis said he was speaking as a member of the House. He supported church union because the Presbyterian Assembly had spoken with no uncertain sound in favor of it and it was his duty as a minister of that church to support the church government.

ADMIRAL ADDRESSED VANCOUVER CLUB

Sir Frederick Field Asked Canadians to Consider Sea Protection Needs

Vancouver, June 27.—When Vice-Admiral Field, commander of the British Special Naval Service Squadron, addressed the Vancouver Canadian Club yesterday, asked whether, in any emergency in any other part of the Empire, Canada would stand aside, he was interrupted by a tremendous "No."

Nobody who had read the history of the British Empire," said Sir Frederick, "can fail to understand its great sea power. It was the sea that always the reaction, for all Governments find themselves in debt and faced with the necessity for rigid economy."

"Our minds, our governments, become so crowded we are likely to forget in a great Empire like ours a great navy is necessary for our safety," he said. "We hear some ask what is the good of spending money on a navy when the ships may soon become obsolete and the need be only for aeroplanes and submarines. I can illustrate the answer to that. Just suppose a country decided to have only submarines. The country that had only submarines would build something that would hold our mosquito fleet back. Then we should build something stronger, yet, and finally we should come to what we have now, the ships we call capital ships."

NAVY IS NEEDED

"However good an air force may be it could not prevent Great Britain being starved out. For that protection we need the Navy. The radius of a bombing plane is, after all, only about 200 miles. The world is thousands of miles of sea lanes which would be totally unprotected without a navy."

"The duty of the navy in war is to prevent raiders coming out and attacking our commerce. But in our present reduced state it would be impossible to prevent a certain number of raiders coming out."

"Therefore, I ask you to think. With your constantly increasing trade and at the rate your Dominion is advancing, do you feel safe? Do you feel that the increasing trade is safe on the seas? It would be impertinent for me to suggest what Canada should do. All I ask is that you think of this. Do you feel safe? Will you be safe in time of war?"

Imports of settlers' effects were \$6,166,988, a slight increase over last year and a slight decrease from 1922.

TWO HOME BANK PROPOSALS MADE

Depositors Ask Ottawa For Sixty or Seventy-Five Cents on Dollar

Ottawa, June 27.—Two alternative proposals for the reimbursement of Home Bank depositors were put before Hon. J. A. Robb, Acting Minister of Finance, by representatives of the depositors' committee, who interviewed him this week.

The first was that the Government should advance seventy-five cents on the dollar, which, with the payment of twenty-five per cent already received, would completely reimburse the depositors. In this case the assets of the bank would be added by the liquidators for the benefit of the Government.

The second was that the Government should advance sixty cents on the dollar. In this case the liquidator would administer the assets of the bank for the benefit of the depositors.

Mr. Robb made no comment upon the proposals.

Refreshing and Wonderful to Taste

The blended essence of choice good things grown in the tropic sunshine of far-away lands—

Coca-Cola!—of course!—sealed in a sterilized glass package that protects its goodness and purity.

"Delicious and refreshing" describes it, but it is inimitable. Not from one vine or one tree, but a blend of pure products from nature's storehouse, it has a flavor all its own—a blend so delicate that you cannot distinguish one flavor from another. It is sweet with the sweetness of pure cane sugar, but it has a tartness, a faint sharpness, a gratifying piquancy. As it sparkles you get a hint of bouquet. Thirst is your natural capacity to enjoy it.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any drug store a few ounces of Bismarck Magnesia and take a teaspoonful in a quart of water right after eating. This sweetens the stomach, prevents the formation of excess acid, and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

APPEAL COURT SESSIONS OVER UNTIL FALL TERM

For First Time in Years Court Rises Without Breaking Into Vacation Time

Reaching the conclusion of its last hearing yesterday the B.C. Court of Appeal concluded its Victoria sessions. The Court will reconvene at Vancouver in October, with three or four cases of the local list stood over for that session.

Concluding the hearing of Jack v. Nanosco Wellington Collieries, the court dismissed the appeal, Mr. Justice Gailher and Mr. Justice McPhillips dissenting. Plaintiff appealed from a judgment of Mr. Justice D. A. McDonald, who dismissed a claim against the defendants respondent in an action concerning the control of a brick plant venture between the principals. Robert Cassidy, K.C., appeared for the appellant, and D. N. Hossie for respondents.

The appeal in Fisher et al vs. Bilfor and others was dismissed. The appeal was one by claimant-appellant, Mary Bilfor, from an order of the trial judge in the main action, having reference to the payment out of monies in court and the appointment of a receiver. Miss Winifred McKee appeared for appellant and E. J. Grant for respondents.

Before rising their Lordships gave judgment in the twin appeals of Tait and McBride in re Assessment. The appeals were dismissed. Robert McBride and R. J. Tait, holders of farm acreage at South Vancouver, appealed from a finding of the South Vancouver Court of Revision which fixed the rate at \$500 an acre on portions of extensive holdings of appellants in the district. In dismissing the appeal the court upholds the assessment made.

The concluded sittings of the Court comprise the first occasion for many years that the end of the list has been reached before the commencement of the long vacation. In other years their Lordships forewarned two, and in cases three, weeks of their legal holidays to accommodate date-counsel. At the opening of the Victoria sessions it was intimated that the indulgence would no longer be continued. As a consequence the list remained without addition and several cases were removed for hearing at the Vancouver sessions.

In the evening an entertainment will be given, at which community singing and a motion picture show will be featured. The picnic will be held at the new suspension bridge across the second crossing of the Salmon River. A letter was read from the Sayward Farmers' Institute, which desires to co-operate with the society in its district agricultural fair, and the secretary, J. E. Armishaw, was instructed to reply, welcoming the Institute's offer of co-operation. Refreshments were served by Mrs. O. Skogan.

The machinery for the Sayward Lumber Company's sawmill arrived on Saturday, and the company is now busy erecting it on the property, which is located on the banks of the Salmon River. This property is located in the centre of the present settled portion of the valley. The coming of this mill will mean a great benefit to the district, and will be of valuable assistance in the future development of the district. J. E. Armishaw, who has for many years taken a leading part in the development of the valley, is responsible for its introduction. The mill will be in charge of Hugh Lee, who is a new settler and a practical sawmill man.

JAIL TERM LIFTED BY HIGHER COURT

Conviction in Rex vs. McNaughton Quashed by Chief Justice Hunter

Appearing before Chief Justice Hunter in Supreme Court Chambers yesterday afternoon Stuart Henderson, counsel for the defence in Rex vs. McNaughton, obtained an order quashing the conviction of the lower court.

Wallace L. McNaughton was charged in the city juvenile court with contributing to the delinquency of a girl under eighteen years of age. Magistrate Jay held a conviction necessary and imposed a two-year term on the accused. From this sentence the defendant appealed by way of habeas corpus and certiorari proceedings to the Supreme Court. Mr. Henderson attacked the conviction on points of law. Richard C. Lowe, for the Crown, opposed the application. At the close of argument Chief Justice Hunter quashed the conviction.
